Technical position in the Department of Immunology

Department of Immunology at the Medical University of Warsaw headed by Prof. Jakub Golab is inviting applications for a **Technician (full time)**.

You will join a project entitled "Horizon for Excellence in messenger RNA applications in immunoOncology" (WIB-1/2020-O11) operated within the Virtual Research Institute (WIB) Program managed by the Łukasiewicz Research Network – PORT Polish Center for Technology Development and financed from the Polish Science Fund. The primary objective of this project is to develop a highly effective therapeutic mRNA design and apply it for cancer immunotherapy. The project will be carried out by a team of scientists from the IIMCB (coordinator), the University of Warsaw, the Institute of Physical Chemistry of the Polish Academy of Sciences and the Medical University of Warsaw.

The technician will be actively involved in assisting the research team with conducting experiments on animals. Role in the research team: Technical Support.

Requirements for the candidate:

1. B.Sc. or M.Sc. in biological or similar sciences at the time of employment
2. At least five years of experience working with laboratory animals including handling, organ isolation, genotyping of mice, preparation of surgical instruments, conducting procedures such as injections, blood sampling, or administering cancer cells, etc.
3. Completed training for individuals planning experiences, performing procedures, and euthanizing animals confirmed by appropriate valid certificates.
4. Good communication skills in English
5. Has excellent interpersonal skills, initiative and ability to work in a high-performance team
6. Has to comply with the non-compete policy in accordance with the WIB Program guidelines
7. Co-authorship of scientific publications in experimental oncology or biology will be highly valued

Selection criteria

1. Evidence of esteem
2. Suitability for the project
3. Motivation letter
4. References
5. Interview

Candidates will be selected in an open competition, according to the procedure complying with the rules of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers
